Dear Pastors, churches and friends,

Greetings from Antioch Biblical Baptist Church (KJB)! Happy New Year! I am very sorry! I know this letter is late getting to you. I'm also excited to report that our Pavilion Project is making great progress though in the midst of conflict. We take the Great Commission seriously (**Matthew 28:18-20**) and the Great Commandment. The commission is to go into the entire world with the gospel of Jesus Christ and to reach the lost at any cost.

Every village project update: Our vision is to make Tripuri Disciple of Jesus Christ and as well as neighboring countries. This time we have visited another new village and we took the opportunity to preach the gospel of Jesus Christ. **There are more than 150 peoples Hindu was attended into the preaching service. I trust we will hear the impact and the good result from there after few days. People were responded well.**

Church update: This three month we have seen ten (10) peoples came to our church from Hindu background as well as one family got baptized. I take this my great responsible for providing spiritual guidance, teaching the Word of God, and equipping believers for ministry. I am helping individuals grow in their faith and develop a deeper relationship with God. We praise God last in the month of February the thanks giving day programmed ten (10) peoples young including Teen were raised hand to the Lord for serving the Lord wherever God lead to them. Last February 13th we had a prayer meeting for a women who has been five years suffering from fever. Being poor women we had contributed for her medical treatment.

Family update: I praise God for His Word. We never see in the Bible the shepherd's life is very easy but Christ has provided victory over the World and its challenges, as stated in. **John 16:33** I have overcome the world. Knowing theses we have left many things to do before he comes. I and my family decided to follow Christ. My favorite verse **Philippians 1:21** "For to me live is Christ, and to die is gain". Your prayers sustained us through the challenges and victories of these missions. We are truly grateful for your vital role in our mission's success. Always I need to be fight with the darks world. The more we walk the more challenge we see. And the more God's love and power I see. Please never ever stop prayer because God is using someone what you and me supposed to do.

I never think that I will be reach to you, While God called me to do this ministry. **I personally thanks to Lord for the great help of HELP MINISTRY.** Who were stand with me in times of difficult seasons out of seasons.

(With love Pastor Mukumu, India).
